

Community Guidelines

She Shines UK Community

Our online community, goals check-ins and summer spa day are safe environments for ambitious women to talk about their passions, motivations, challenges and more.

It is important to us that every woman joining this community is genuine and committed to respecting one another and maintaining healthy boundaries. Everything you say within this community must be encouraging, appropriate and relevant.

Once we receive your submitted form it will be reviewed. If the review is successful, we will send you the link to our online community platform. Please note that if you break the community guidelines at any point, we will have to remove you from the online community.

The logo consists of a thin gold circle with the text "SHE SHINES UK" inside. The word "SHINES" is in a larger, bold font, and "UK" is in a smaller font. A registered trademark symbol (®) is located to the right of "UK".
